

## TECHNICAL DATA SHEET

# SFF MICROZYME PLUS EQ PREMIX<sup>®</sup>

Product Information  
Sanitary Registration Ecuador: SCI-R002599

## DESCRIPTION

Net Weight 55.11 Pounds. 25 Kg

SFF MicroZyme Plus Eq Premix is a well-balanced blend of beneficial microorganisms, prebiotics and enzymes. Bacteria of the genus Bacillus are one of the most common groups of Gram-Positive bacteria in both terrestrial (forests, farmland, etc.) and aquatic soils.

The main function of this premix is to promote a beneficial flora that helps the animal's defense, digestibility and survival. For use as an additive in animal nutrition.

## COMPONENTS

Common Name	Concentration (UFC/g) / %
Soy	40%
Corn	40%
Bacillus velezensis 10 <sup>11</sup> (UFC/g)	10%
Bacillus thuringiensis 10 <sup>11</sup> (UFC/g)	10%

## RECOMMENDATIONS FOR USE

Incubate for 24 to 48 hours between 7 to 10 Kg of SFF MicroZyme Plus EQ Premix with 1 TM of water (sterilized with chlorine) using aeration (1 HP per 10 m<sup>3</sup> of water). The concentration of spores that should be expected would fluctuate between 10<sup>8</sup> to 10<sup>9</sup> Bacillus spores per mL.

Although this product is non-toxic, and biodegradable, it can induce sensitivity and cause type of allergic reactions in sensitized individuals. Prolonged exposure can cause irritation to the skin, eyes and mucous membranes, so prolonged contact with parts of the human body should be prevented. If any type of allergic response develops in the skin or eyes, please contact a doctor.

## PRECAUTIONS

Store in a ventilated, dry and pest-free place. This product expires in 360 days from the date of manufacture. The feeding program is only effective, if proper management practices are managed.

## IMPORTED AND MARKETED

By South Florida Farming – FloridaFram S.A.  
RUC: 0992968737001  
Av. Miguel Yunez, Km 14.5 vía a Samborondón.
